

STANDING TABLE

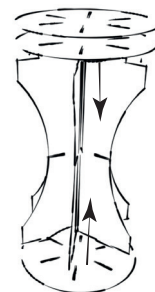

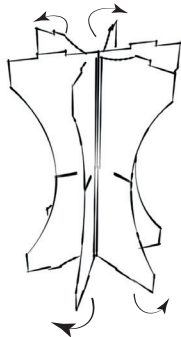

WHAT'S IN THE BOX?

- 3x Wall A
- 3x Table top B
- 6x Plank C

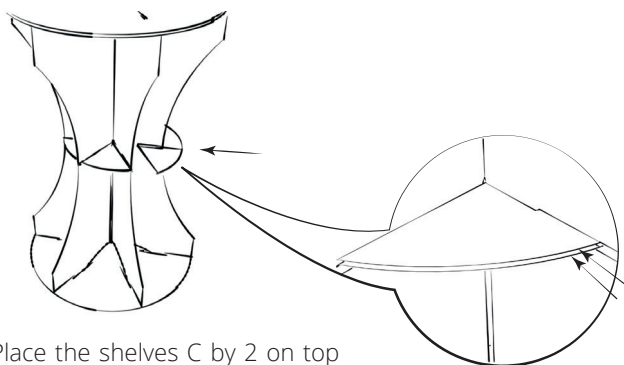

1. Make sure you have all the parts.

2. Slide one part A inverted into the other two parts A.

3. Expand the parts A, the two that are next to each other, outward as shown.

4. Then place two parts B at the top and one at the bottom.

5. Place the shelves C by 2 on top of each other and slide them into the remaining notches to finish the table.
