

# CHIMNEY

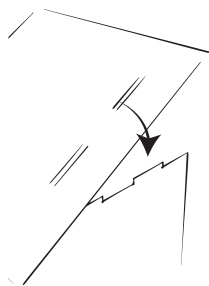

## WHAT'S IN THE BOX?

- 1x Front chimney A
- 1x Back Piece B
- 1x Chimney C

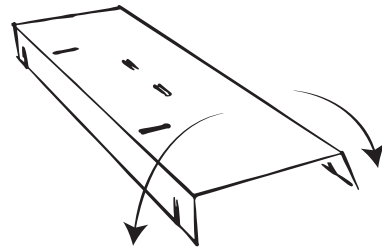

1. Check that you have all the parts.

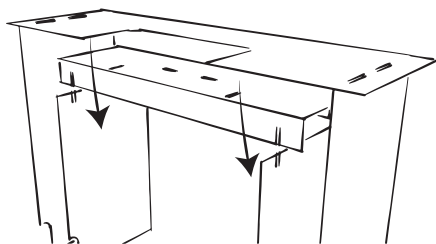

2. Fold the five flaps from A backwards as shown here. Make sure you fold the top to the side where the cut is, so that the smooth side is at the front.

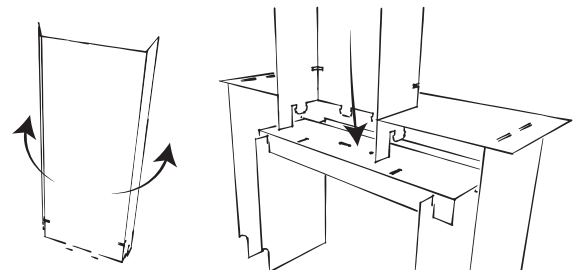

3. Attach the top with the cutouts on the side.

4. Fold over the sides of B.

5. Slide part B into the incisions on the back of A.

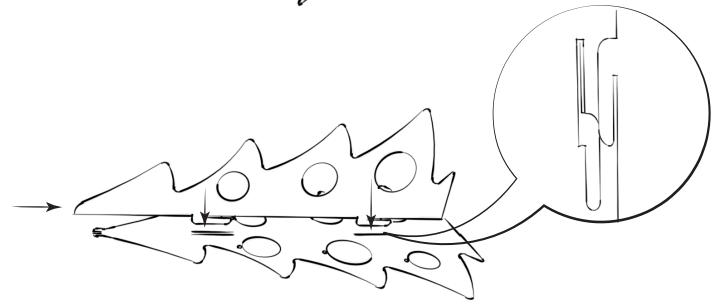

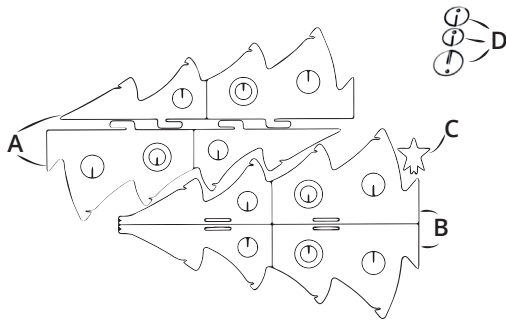

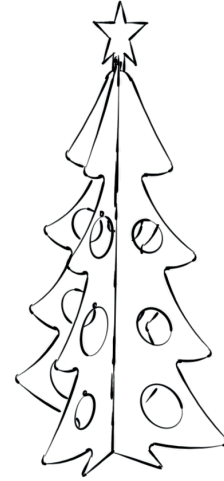

6. Fold the sides of part C to make the chimney. Then place it with the protrusions on the other side in the holes of part B.

# CHRISTMAS TREE 165 AND 200 CM

## WHAT'S IN THE BOX?

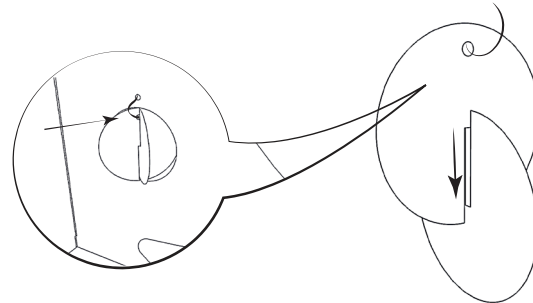

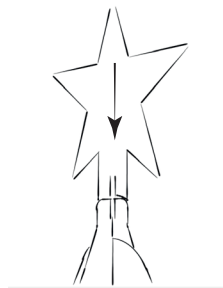

- 2x Tree part A
- 2x Tree part B
- 1x Peak C
- 12x Christmas balls D

**Caution!** The robe and lights must be added yourself!

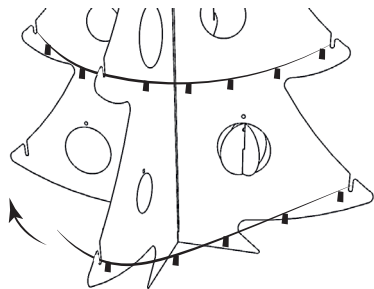

1. Check if all parts are included.

2. Place the plates B on top of each other with the holes directly above each other, as shown on the image. Slide the hooks from A into B's holes and push A down. Do this for both sides.

3. Slide the peak (C) into part B.

4. Slide the christmas balls together as indicated in the image. Make sure you look for the right diameter. Hang them in the tree using a string.

5. **This step is only for the 200 cm tree.** If wanted, secure the lights on the tree in the noches on the ends of the branches.
