

ECO BIN

WHAT'S IN THE BOX?

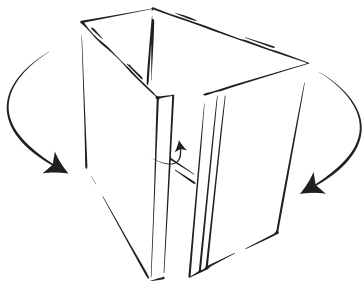

- 1x Bin part A
- 1x Bottom part B
- 1x Lid part C
- 3x Screw part D
- 1-5x Inner bin part E

WHAT DO YOU NEED?

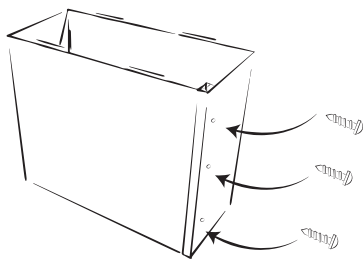

- 1x Phillips screwdriver

1. Make sure you have all the parts.

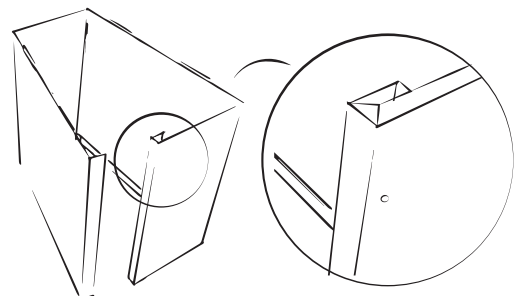

3. Fold the sides so that the ends come together and fold the flap on the left side inwards.

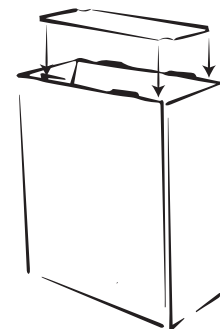

5. Put the corners together and screw the screws in the three holes to attach the sides together.

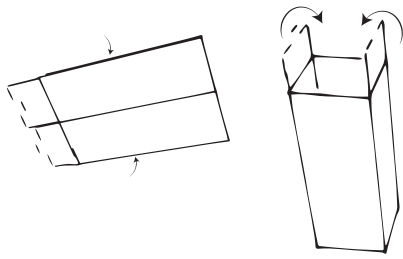

2. Take bin part A and put it down with the thick edge down.

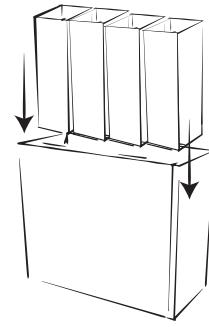

4. Fold the flaps on the right side inwards.

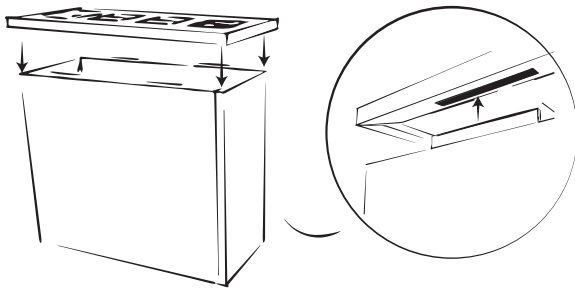

6. Place bottom part B in the bin on the bottom.

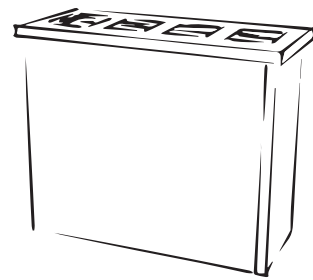

7. Take inner bin part E and push on the sides to make the bin a square. Close the bottom of the container by pressing the flaps down and letting them clamp.

8. Place the inner bins in the large bin.

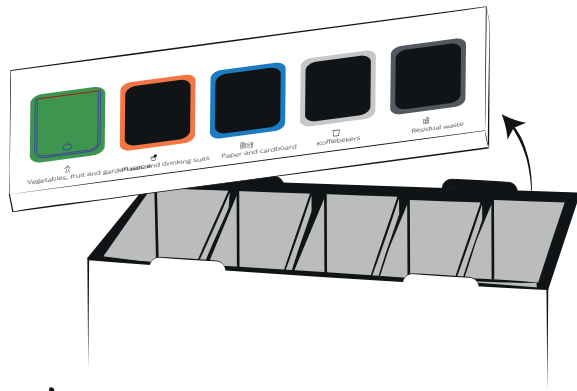

9. Place the lid on the container by sliding the protruding parts of bin part A into the holes of lid part C.

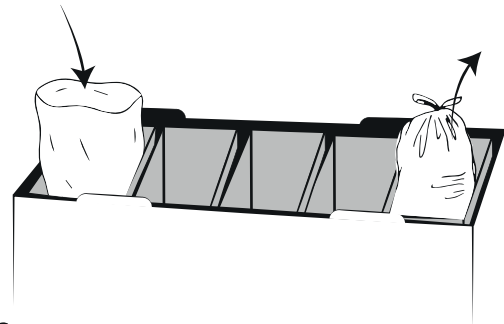

10. Your Eco bin is now finished!

ECO BIN CLEANING INSTRUCTION

CHANGING BAGS

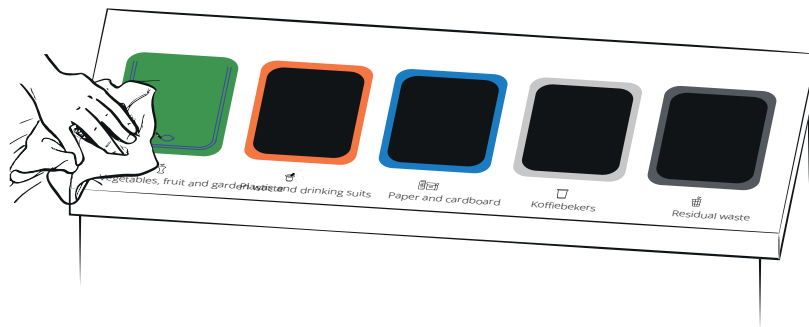

1. Take the lid off the Eco Bin.

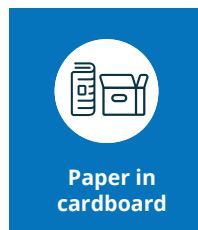

2. Remove the old bags from the inner bins and add the new ones.

LID CLEANING

Wipe the Eco Bin with a slightly damp cloth.
