

PLANT POT

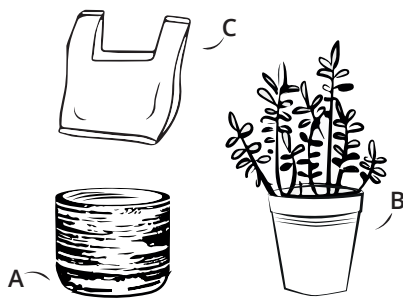

WHAT'S INSIDE THE BOX?

1x Cardboard plant pot (A)

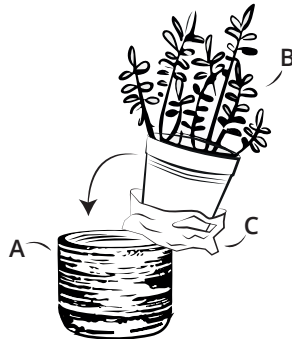

Own input

1x Plant including cultivation pot (B)

1x Plastic bag of the same size as cultivation pot (C)

1. Collect all the requirements

3. Now place the cultivation pot B and bag C in the cardboard pot. Make sure that bag C isn't visible.

2. Wrap the plastic bag C around the cultivation pot B. Make sure that it is waterproof - it has to collect the excess water.

4. Your plant now stands safe and dry in its new pot. Enjoy and don't forget to water it!
