

# TIPi

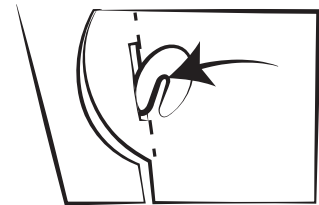

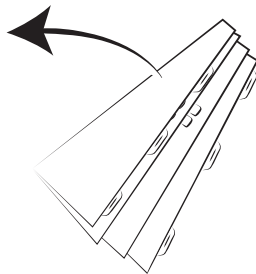

## WHAT'S IN THE BOX

- 1x Tipi wall - Door
- 2x Tipi wall - Window
- 2x Tipi wall - Closed
- 18x Connecting piece
- 1x Bow and arrow
- 1x Name sign

1. Check if you have all the parts. Some crease lines are already cut, this makes the folding easier.

2. Place the body parts next to each other, in the order shown. Fasten the pieces together using the connectors as shown.

3. Stand the tipi upright so that it is pointing up. Then place it around so that the tipi takes its shape.

4. Fasten the mounting at the back with 2 connectors. Make sure the other fasteners are on the inside of the tipi.

5. Quickly grab your bow and arrow and defend your tipi!
